DETAILED ACTION

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claim Rejections - 35 USC § 103

Claims 1-20 stand rejected under 35 U.S.C. 103(a) as being unpatentable over Pimlott in view of Currey.

Response to Arguments

Applicant's arguments filed 4/7/09 have been fully considered but they are not persuasive.

Applicants argue that the combinations of references are directed to the membrane electrolyzer and not the claimed diaphragm electrolyzer.

The specification as presented does not distinguish the two types of electrolyzer. To cite references which allege a difference between two types of electrolyzer without a claim basis fails to present the instant claims are allowable.

As cited in the prior Action, the two terms of diaphragm and membrane electrolyzers are routinely used as synonyms of each other. There is nothing structurally to distinguish between the two types of electrolytic cells.

Accordingly, the claims stand rejected.

In response to applicant's argument that Carrey does not address the same problem, the fact that applicant has recognized another advantage which would flow naturally from following the suggestion of the prior art cannot be the basis for

patentability when the differences would otherwise be obvious. See *Ex parte Obiaya*, 227 USPQ 58, 60 (Bd. Pat. App. & Inter. 1985).

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
